Try Asking :

- "What is average price by Brand?" or
- "Show count of laptops by TypeName" or
- "What is average price by Ram?" or
- "Show count by OpSys" or
- "What is average price by Brand?" or
- "Is there correlation between Weight and Price?" or
- "Which Brand has most laptops sold?" or
- "What is total laptops by Ram size?"

Top laptop by inch

Brand	Total Laptops	Max Price	Measure	Avg Ram	Avg Price
MSI	1	149131		32	1,49,130.72
Total	1	149131		32	1,49,130.72

LAPTOP SALES KEY FINDINGS

[Front Page](#) [Dashboard](#) [Ask AI](#)

[Key Findings](#)

1. Pricing Insight :

- Average laptop price is ₹59.9K, with most laptops ranging from ₹35K-₹80K. Gaming laptops priced 2x higher than Ultra books.

2. Brand & Type :

- Dell, Lenovo, HP dominate with 60% market share. Notebook category is most common (55%), followed by Gaming (20%).

3. Specifications :

- 8GB RAM is standard (45% laptops). 256GB SSD is most popular storage. Intel Core i5 is the most used CPU.

4. Recommendation :

- Focus on mid-range (₹50K-₹70K) i5 + 8GB RAM + 256GB SSD combo - best value for students & office users.

Thank You
