DUNKIN' DONUTS - KEY FINDINGS | JAN-APR 2024

1. Top Products
Vanilla Frosted is the bestseller, with the most units sold and the highest revenue ($7.05K, 11.75% share). The top 3 flavours (Vanilla Frosted, Jelly, Blueberry Cake) together bring in about 34% of revenue. Total sales are $60.02K from 500 orders.

2. Store Analysis
Miami leads with $13.08K, followed by New York ($12.57K) and Los Angeles ($12.14K). Boston ($11.52K) and Chicago ($10.71K) are the lowest. Average ratings are consistent across stores (3.93 - 4.03).

3. Customer Behavior
Payments are split almost equally: Cash (34.8%), Mobile Pay (34.3%) and Credit Card (30.89%). Morning is the strongest shift, and Evening is the weakest.

4. Monthly Trend
Sales were highest in January and declined gradually through March, then dropped sharply in April.

5. Recommendation
Run local promotions in Boston and Chicago, push lower-performing flavours such as Strawberry Frosted and Chocolate Frosted in April, and support all three payment methods.
